First of all I would like to thank Gloria Allred for being my champion and attorney. Without you I would have not been able to come forward again. I also want to thank Andrea Constand who is and was the brave soul who first filed the civil suit. It is important for the world to know the truth about how Bill Cosby hunted me like a predator. My refusal of his constant advances fueled his desire and eventual drugging rape ritual. In the recently released excerpts of his deposition, Bill Cosby admits that he was with me in Denver and that he "probably" had sex with me. I am here as one of the Jane Does, one of the courageous thirteen Jane Does who came forward in support of Andrea Constand in her 2005 lawsuit. I feel I have to speak out again not only against Bill Cosby but also against the National Enquirer. When I first read Andrea's story in the National Enquirer in 2005 I immediately contacted the National Enquirer. Within 24 hours I was being interviewed by them, I requested a lie detector test which they paid for and I passed. They took my portfolio of photos to ship to their editor in Florida. I now am finding out through the recently obtained Cosby deposition transcript that Cosby not only admits to the purchase of drugs to be used to have

sex with young girls, he also admits under oath about how he made a deal with the National Enquirer to kill my story in exchange for an exclusive interview story with him. I am extremely upset that Bill Cosby was able to quash my interview with the National Enquirer and that the National Enquirer suppressed my story, which if it had been published by them, would have shed light on Bill Cosby's horrific conduct years earlier.

I never spoke to or met Andrea Constand during her case. I only heard that there were other Jane Does, whom I did not speak to or meet until recently. I knew then as I know now that I did the right thing for Andrea Constand and for myself.

I request that the judge release the entire deposition so that all of the 13 Jane Does as well as the others who have also come forward can learn of Bill Cosby's full testimony. We will pursue Mr. Cosby until the full truth comes out.
