Statement of Bronwyn Ingram

As this sad chapter closes, I hope everyone will offer their full support to interim Mayor Todd Gloria. I hope the candidates in the special election will campaign with high integrity and will be sensitive to San Diegans need to feel confident in the city's leaders. I hope that the next mayor will continue on the trajectory that Bob began, by supporting neighborhoods and working families. I also hope that the next mayor will continue the work that Bob, Todd Gloria and I started, with the support of the city council, in the area of assistance to the homeless. I hope that a new leader will continue to work on a progressive vision for San Diego.

If you are asked how I feel on Friday. Sad. Sad but hopeful that this starts the healing process for everyone.
