Statement of Jane Doe

I was a student at USC from 1996 to 2000. During that time, I was treated by George Tyndall several times. Like many women I was treated inappropriately and unprofessionally.

I was shocked to recently find out that USC knew about his behavior since 1990 but did nothing to protect women like me from abuse. I believe that USC cared more about protecting its reputation than protecting its students. George Tyndall went on to mistreat young women for decades.

This May I reported my experiences to USC. At the time I was told that the LAPD would contact me to follow up on my report. However, I have yet to be contacted by the LAPD.
