Response to The Wall Street Journal

We have not been informed by the State Bar of any investigation.

Our law firm, Allred, Maroko and Goldberg, has been practicing law for almost 50 years. We are proud of our success and the confidence and trust that thousands of clients have placed in us.

We have always acted ethically, and in accordance with the Rules of Professional Responsibility.

At this time, it is well known that law firms across the country are being attacked. We are proud to defend our record of protecting, asserting, and vindicating the rights of women and minorities, and we will not be deterred by unjustified accusations which seek to discredit us.

We will not bow down to kings or The Wall Street Journal.
