Statement of Jenny Ravallo

Bob Arum is a Top promoter in boxing and he is promoting lies. In his interview with IFL TV, he is incorrect. I was never at Pulev's training camp. I was never hooking up with Pulev. I was never acting like Pulev's semi-girlfriend. I did not persistently apply for credentials for the March 23, 2019 fight. I was not friends with Kubrat Pulev. His false statements are upsetting and ruining my credibility as a writer and reporter. Bob Arum believes Kubrat is a victim. Kubrat Pulev is not a victim.

Pulev was suspended because of sexual harassment. Pulev grabbed my face and kissed me with his bloody mouth, and then afterwards he grabbed my butt. I did not consent to this kiss or to him grabbing my butt. No man should ever grab a woman, kiss her or touch her without her consent.

It is obvious that Bob Arum and Kubrat Pulev do not understand what Sexual harassment is. Bob Arum is promoting lies and he does not care who he hurts or destroys.
