Statement re Don Sterling

I have known Don Sterling for a number of years. I believe that the Los Angeles City Council should immediately pass a motion condemning his racist remarks. They are an affront to everyone who lives in Los Angeles and to everyone in our nation. Mr. Sterling needs to acknowledge what he has said and apologize in a more meaningful way for his remarks. Also, I hope that the NBA will force Mr. Sterling to sell his team. He is not fit to own the L.A. Clippers or any franchise.
