

Statement from Virginia Hardwick, Hardwick Collier LLC

Joyce Collier and I are very proud to represent this group of women.

Every day for 10, 20 or 30 years, they have shown up for Resorts.

Every day, they have served the customers of Resorts with a smile and without complaint.

They were fired, even though they did nothing wrong, even though they were very good at their jobs.

They were fired because they got older, because as beautiful as they are, they didn't meet someone's definition of "sexy."

Getting older is something that happens to all of us.

Firing good employees because of their age is a violation of New Jersey's Law Against Discrimination.

We stand here today to say, discrimination is NOT OK.
